Context Analysis		
Information Categories	**Data Sources**	**Learner Characteristics**
Managerial/Supervisory Support	Interviews	Supervision of the learner is minimal. Learners will receive materials, resources, and technical support.
Physical Aspects of Site	Observation	*Facilities*: Learners will use their personal computers or a computer at the higher education site to access the training material. *Resources*: Online tutorial video and printed material. *Equipment*: These computers need to have download capabilities, Internet, access to the university server if accessing from a remote location and Adobe flash must be downloaded on the computers. The learners need a learning management system account on their computer. *Timing*: 45 min. with materials and software.
Social Aspects of Site	Observation	*Supervision*: As needed only for technical

		support.
		Interaction:
		Learners with materials and computer.
		Others effectively use Skills:
		The learners must possess minimal technological skills to complete module.
Relevance of Skills	Interviews and Observations	Meet the identified goal.
