

Dedication

I would like to dedicate this E-Portfolio first to the memory of my grandmother, Fleurette Morse, who made it possible for me to pursue my master's degree and always said that an education was the one thing no one could take from me. I would also like to thank my parents for continuing to support me in my studies and believing that I could succeed. Thank you for allowing me to pursue my dreams even when we were not sure where they were going. I appreciate that more than you will ever know and I love you.

Another individual without whom this portfolio would be possible is Kristen Lee. Many years of friendship and support have given me strength and confidence when I needed it. For helping me to find the two most valuable things I have in my life I will be eternally grateful. Thank you for being there always.

Finally, Nic, thank you for being who you are. I could not have dreamed I would find a more wonderful person than you to spend the rest of my life with and I am thankful everyday that you feel the same way. Thank you for always listening and supporting me when I struggled and for always being there when I needed you to be. Because of you I pursued dreams I never would have. For all the miles, minutes, and sacrifices I will always be grateful. I love you more than you can know.

To everyone- thank you for the sacrifices you made to help me reach my goals. Without you it would not have been possible and I am truly indebted to you all.
