Post Test
For
The Internet Mail Tutorial

The Post-test is to show that you understand and can complete on your own the

objectives of the Internet Mail Tutorial. You are to do all the tasks in the Post-test.

After completing each task, answer the questions listed below that task.

Also you will find a feedback form for you to make comments on the effectiveness

of the instruction you just completed. Please answer the questions honestly and add

any comments you want to make that are not directly asked of you.

Thank you for participating in this program.

Comments

Write below any comments that you think would help make the Internet Mail Tutorial better or easier to use, or any feedback you want to give about the instructional process used. You may use the back of the page if you need more space.

It'd be very convenient to have your tutorial strip at the bottom to direct me through all the other things I need to use a computer for.
